25-year panel warranty.
25 years of free repairs?

Not necessarily. Check which warranty the quote is talking about.

Output cover.
Defect cover.
Different promises.

- A performance warranty concerns the panel's power output over time.
- A product warranty concerns defects covered by its terms.

The periods and conditions can be different.

Even a covered panel can come with a bill.

A replacement panel may be covered while labour or transport is not.

Ask whether removal and refitting are included, and who arranges the claim.
